

LAZINESS BLAMED FOR
WOMAN LABOR SHORTAGESecretary of Baltimore Board of
Trade Says Feminism There Is
Balking at Work.BALTIMORE, April 26.—Are there
10,000 women in Baltimore who are
either lazy or indifferent to accept-
able work?
That is the opinion of George C.
Smith, secretary of the IndustrialBoard of Trade. The question is a
pertinent one because of the follow-
ing facts:
The Columbia Graphophone Com-
pany expects to use probably 8,000 to
10,000 women in its new plant when
completed.
The General Electric Company will
have work for 1,200 women at its
plant here.
"We have the women here," said
Smith, "but they are either lazy or
indifferent to work. In Pittsburgh,
Harrisburg, Wilkesbarre, and other
industrial towns we find no such con-
dition. If our industries are to keep
growing along with our city, we must
educate women to the necessity of
helping out in proportion to the men."

HATCHET IS CLUE
IN SLAYING OF 8Left Behind in Home of Tragedy.
Infant Only Survivor of
Family.TURTLE LAKE, N. D., April 26.
—A blood-stained pair of overalls
and a hatchet, found at the scene of
the crime; a shotgun, discovered in
a nearby swamp, and the footprints
of the man who threw it there, are
the clues to the slaying of Jacob
Wolf, a farmer who lived near here,
his wife, their five daughters, and
Jake Hofer, their thirteen-year-old
hired boy.The eight bodies were discovered
last Saturday by a neighbor, who
heard the crying of Emma Wolf,
eight months old, the only occupant
of the Wolf home spared by the
slayers. The infant was found in a
crib near an open window. Wolf and
one of his daughters, whose bodies
were found in a barn, apparently had
been shot to death. The others, it
is believed, were killed with the
hatchet and their bodies thrown into
a cellar.The bloodstained overalls and the
hatchet had been left in the kitchen
of the Wolf home. The shotgun had
been taken apart and the stock was
seen floating in the water of the
swamp near where the barrels were
recovered from the mud.At the inquest, which will be con-
tinued today, John Brekken, a far-
mer, testified he had seen two sus-
picious-looking men walking rapid-
ly from the direction of the farmAmbulance Airplane
Developed by U. S. Army
Is Declared SuccessThe first United States army
ambulance airplane tests were
successfully carried out yester-
day at Dayton, Ohio, it was an-
nounced today by the War De-
partment.The new plane, which was de-
signed by A. V. Verville, army
aeronautical engineer, and de-
veloped at McCook Field, Dayton,
has accommodations for two pa-
tients and a pilot. The patients
are laid in Stokes navy litters,
which are placed horizontally in
the fuselage. Provision is also
made, in the form of an auxiliary
semi-cockpit, for the transport of
a medical officer with medical
supplies.It is expected that the ambu-
lance plane, which is to be known
as the U. S. D-4, will fill a long
felt service need for a quick
means of transporting wounded
to the rear.about noon Thursday. The crime is
believed to have been committed ei-
ther Thursday or Friday.Wolf was considered wealthy. He
had often told friends he kept
a large amount of money in a small
safe at home, and the theft is be-
lieved to have been the motive for
the crime.

make this a better world?A BUSINESS man filled out his income tax
report.It showed an income so large that his tax was
53%. And his total gifts to church and charity for
the year were \$148.Think of it—thousands spent for luxuries and
pleasure for himself; and \$148 to leave the world a
little better than he found it!Most of us do better than that; but not so very
much better.Our average daily gift for all church causes is
—less than we spend for daily papers
—less than a local telephone call
—less than a third of the day's car fare
—less than 3 cents a dayNo wonder that 80% of the ministers of America
are paid less than \$20 a week. No wonder that the
church hospitals turn away thousands of sick people
a year. No wonder that China has only one doctor for
every 400,000 people. No wonder that every church
board and charity society is forever meeting defi-
cits, forever passing the hat.It isn't because we are selfish; it isn't because
we don't want to help. It's just because no one has
ever put up a great big program to us, and asked
us to think of the work of the church in a system-
atic businesslike way.The Interchurch World Movement represents
the united program of thirty great denominations.
They have surveyed their whole task; no business
could have done it better.They have budgeted their needs; no business
could have a more scientific budget. They have
united to prevent the possibility of waste and dupli-
cation. At least a million dollars will be saved by
the fact that thirty individual campaigns are joined
in one united effort.And they come to the men and women who love
America—to you—this week, asking you to use
them as the channel through which a certain defi-
nite part of your income can be applied to make
this a better world.Only you can determine what part of your in-
come that should be. The chart printed here is in-
tended merely as a suggestion; it represents a scale
of giving of 6%—or less.Six per cent of your earning power; 15/16ths of your
life for your own family needs, and 1/16th for your
fellow men—is that more than you ought to give?It's a good time right now to answer that ques-
tion. We're passing through the world just once;
how much better is the world going to be because
you passed through?
